#### Spotlight on a Community Member:

Sandy Sen -

Sandy moved from Sherwood Park in 2012 to live with Veryl Richelhoff. She can be seen driving her green machine cutting the grass and whipper snipping not only the village but also the local cemetery. When she was contacted about being the community member she had this to say, "I am glad to help out where and when I can. Major is a great community and a pretty little place to live. I would like to send out a note of appreciation to all the fellow volunteers that come together to help out in Major. Some pretty awesome acts to follow. Whatever capacity, if you take the initiative or are eager and willing when you are called upon, your efforts do not go unnoticed. Major has an abundance of great community spirited "get r done" people. I look forward to the next generation's accomplishments in the community with the examples of the previous and currents as role models. I am sure there will be many successes and wonderful things to see. Big hats off to all the efforts of the residents and businesses who too see that Major is a pretty little place and strive to maintain it as such. Major has seen a lot of changes in the last 5 years. Manicured lawns, landscaping projects, floral displays to complete yard and home makeovers. The town looks awesome. Great job everyone!" Thanks Sandy for all that you do!
